

SUAVE WORD DITTY

Listless

I am **listless**, I am weary...
My head aches and I feel teary.
I am **listless**, I feel sad...
If Mum saw me, she'd be mad.
"Why so **listless**, why so down?
Give me a smile and lose that frown!"
But I'd shake my head and shed a tear –
"It's because I feel so **listless** today, I fear!"
