

SUAVE WORD DITTY

Woe

I was filled with **woe** when lost in the snow,
He was full of **woe** when he fell off the slide.
My mum's great **woe** a long time ago,
When she found her good friend had lied.
I felt such **woe** when I lost my book,
Your **woe** was for your broken bag.
But now all is well if you take a look –
None of us feel so sad.
