

SUAVE WORD DITTY

Topple

A tripple and a **topple**, nothing can stopple,
Us **toppling** and tipping down the steep hill...
A **topple** and a tripple and down we hipple,
Until we hit the bottom and laid still...
Then a rockle and a **topple** we rocked on the top,
Of the very high, old stone wall...
And with a **topple** and a crash we got badly bashed,
When the wall breaking up made us fall...
