

# SUAVE WORD DITTY

## Jinx

To put a **jinx** on someone is to cast a spell,  
To make things go wrong, or to make you unwell.  
But it is not just witches that can **jinx** what you do,  
The biggest blunders in your life are made by you.

I **jinxed** my chances of being in the play,

I **jinxed** my place in the team yesterday.

My mum **jinxed** our broken TV,  
And your favourite cake was **jinxed** by me...

I ATE IT!
